

# JF 2300 AT Forage Harvester

Finance  
Available

The JF 2300 AT is the perfect solution for professional farmers and silage contractors for having a quicker harvest and an inline driving experience with the tractor/harvester set.

## FEATURES

- Front and rear coupling to the tractor for an inline driving experience, easier maneuvering and optimized harvesting in plots without space on the edges;
- Exclusive Twin Rotor technology and 4 front drums for real higher productivity;
- 2,30m wide row-independent header with front drums, feeding box and aligners with exclusive design for a constant harvest flow and lower stress on transmission and tractor. In maize and sorghum it harvests 4 rows at a time with row spacing of up to 70 cm; and 3 rows at a time with row spacing of up to 90 cm;
- Heavy-duty transmission and reliable design from the world's leading brand of forage harvesters;
- Electric/hydraulic control by joystick for easier operation.

## Staalmeester

## SPECIFICATIONS:
